

**GAS
CHLORINE
IS
SAFE,
EFFICIENT
AND
EFFECTIVE
BUT
WIDELY
MISUNDERSTOOD.**

Please join our effort
to provide
THE FACTS.

OUR MISSION

To educate operators, industry users and the general public about the benefits, safety and reliability of utilizing 100% pure chlorine gas for water disinfection.

To dispel myths and half-truths about the use of gas chlorine.

To keep decision making at the local level where people know best what works for them.

To keep water safety as the priority over misrepresented fears about gas chlorine.
